Ramblin' Rita's Texas Tales™ Where YOU Bring the Story to Life!

This ain't no plain 'ol story time, pardner. Sure, it's family friendly fun for the young 'uns (grades K-5 will enjoy it the most), but it's also an honest-to-goodness **40-minute show** that the kiddos help perform!

That's right, Rita selects eager volunteers from the audience and provides them with costumes and lines so they can take part in the tellin' of the tale. She'll even bring her puppet friend Arty the Armadillo along for the fun.

Requirements: 45 minute time slot (start to finish), small stage/ elevated performance area, 1-2 wireless microphones, best for audiences of 50 or more.

Kayla Wardell is Ramblin' Rita

Kayla earned her BFA in Musical Theatre from the University of Texas at El Paso and has appeared in numerous local and regional productions. She's taught acting for after school drama programs and spent a year and a half touring with the prestigious Missoula Children's Theatre, teaching and performing with young actors across the country and around the world. When not onstage, Kayla has crafted and led story time programs for Barnes & Noble Bookstores and continues to do so as a local youth library assistant.

Ramblin' Rita's Texas Tales™ brings Kayla's passion for books, theatre, and children together in a single, fun, family friendly show designed specifically for elementary school-aged audiences. She'll entertain young and old as she tells tall tales about the wild west and shares some silly songs. The production is the perfect fit for school assemblies, library programming, community events, and family-focused corporate gatherings.
